Booking Instructions

If you would like to book in a tattoo, please scan the code below and dial into my web site.

Select the corresponding number from the drop down list (this is also a real time update regarding which designs are still available).

Purchase the design to leave a deposit and put your instagram handle in the notes section or shoot me a message on Instagram and I'll find a date for you!

All designs are one offs, but I'm always happy to redraw concepts if your favourite is sold.

All prices listed are for black and grey at a size similar to printed in this book, if you would like them larger or in colour prices may change a little.

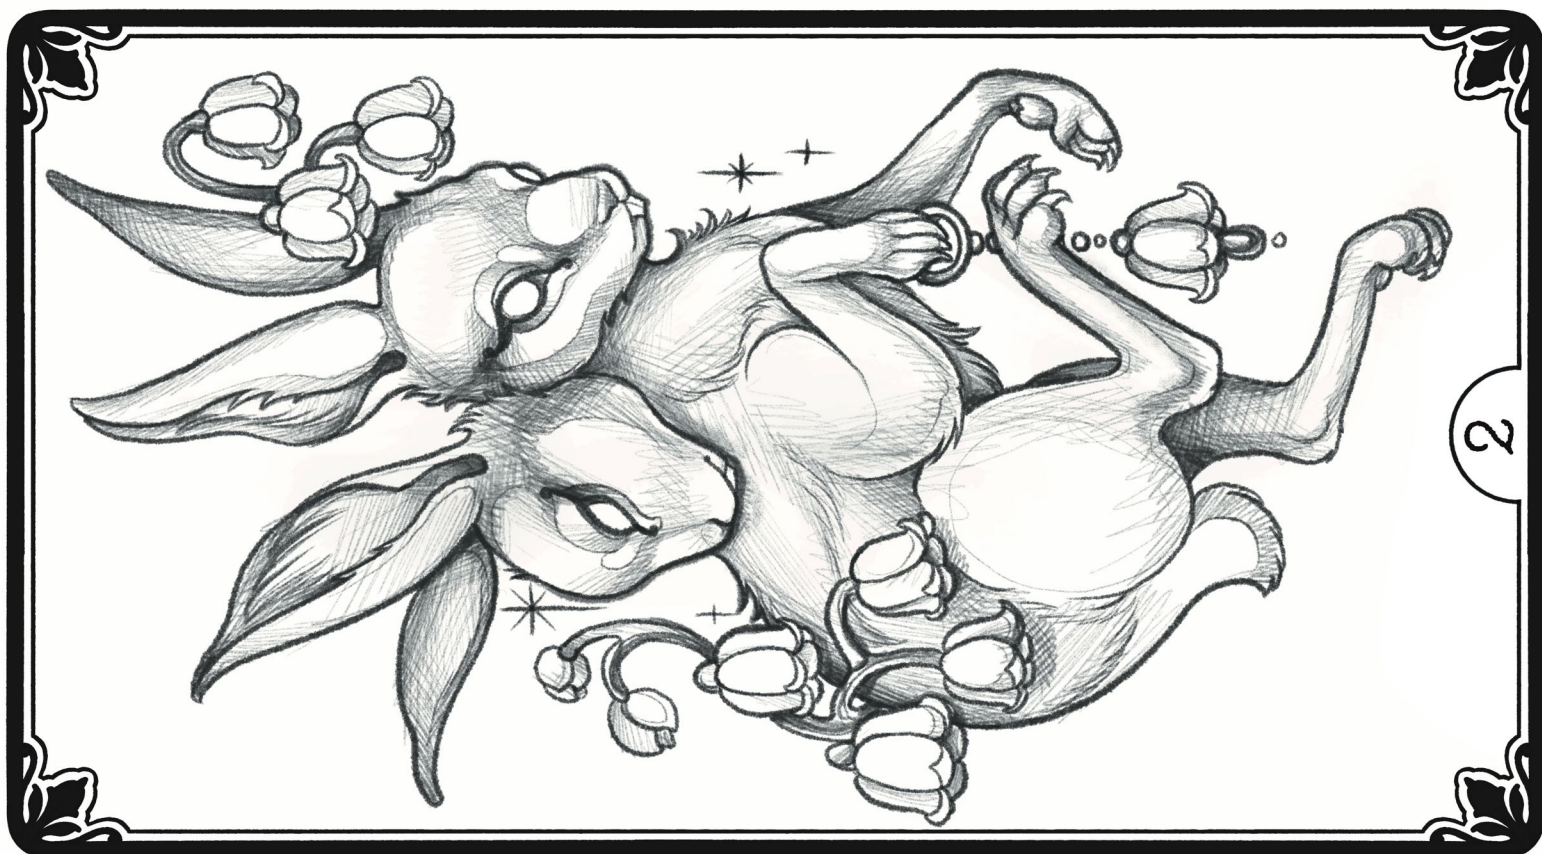

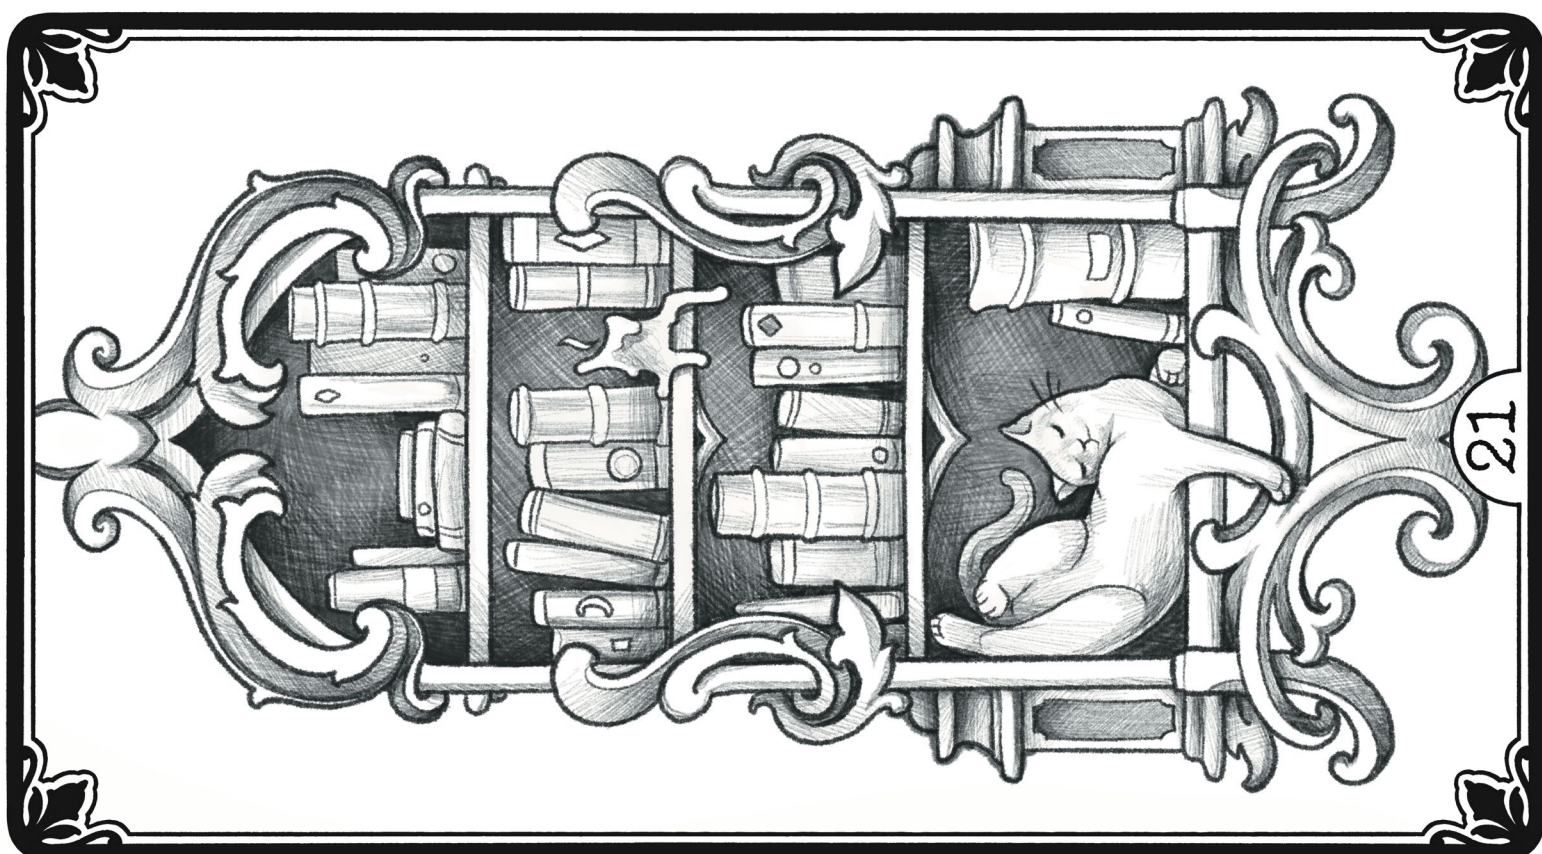

All prices for designs are listed online.

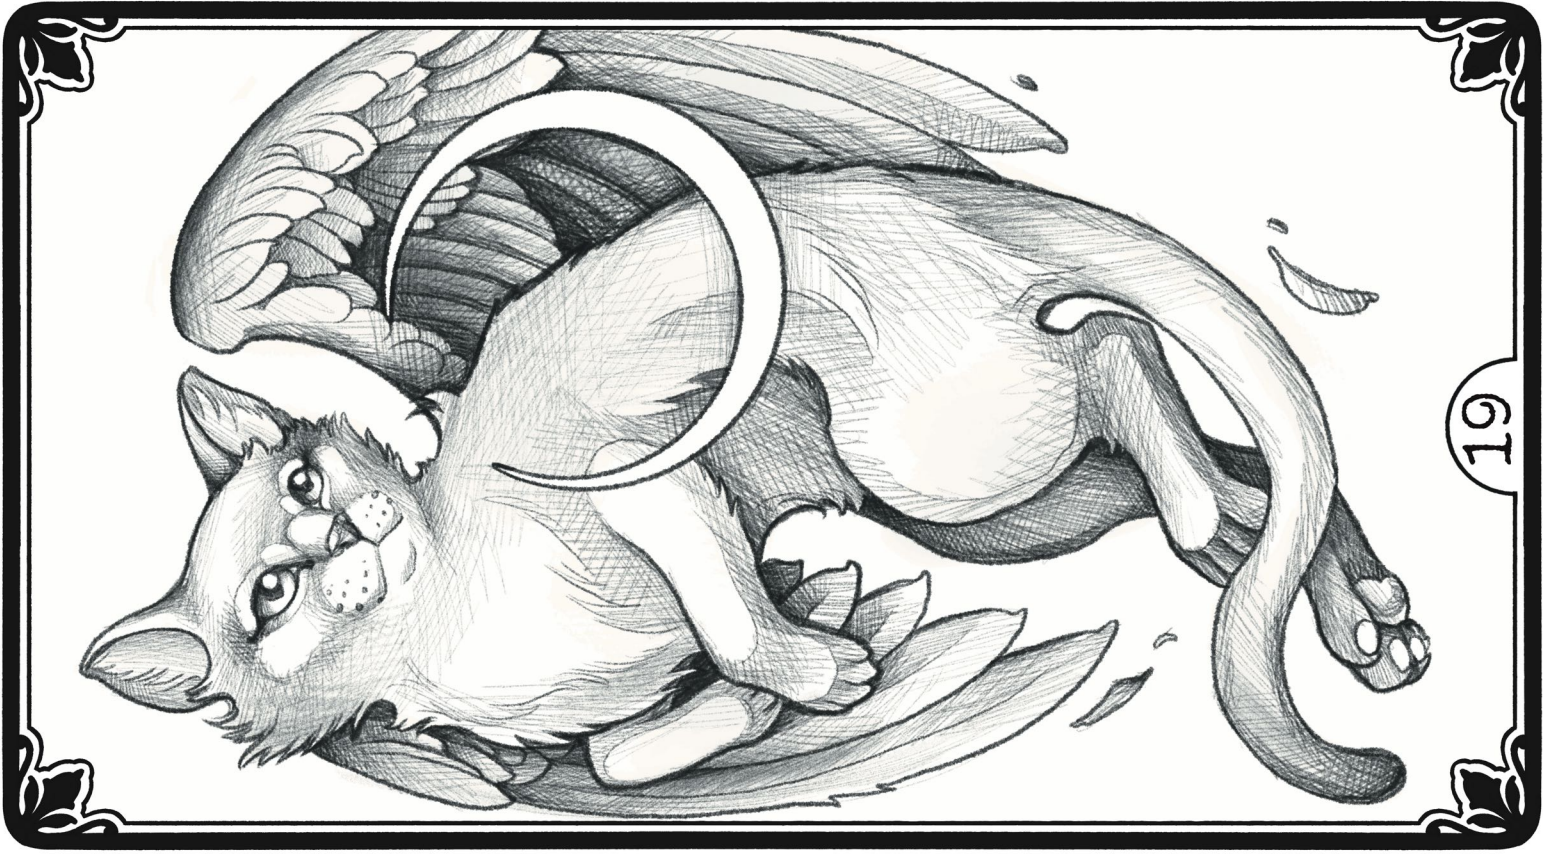

Thankyou for the
support as always!!
♥ Penny
